1. Introduction

This document specifies which Apex Learning® Courses have required and optional course materials and details the specific materials. Course materials apply to the Core, Prescriptive and Honors pathways. Materials include:

- Textbooks, novels, science lab manuals, and other books.
- Microphones, speakers or headphones, and calculators.
- Business productivity-type software, such as Microsoft Office.
- Lab materials. Visit Apex Learning Support at <http://support.apexlearning.com/materials> for a list of hands-on lab materials.

This document specifies which course materials are available for purchase from Apex Learning, and the price for those materials as of the date of this document.

- The price to purchase access to Apex Learning Courses does not include the materials specified in this document.
- Prices are subject to change based on the cost incurred by Apex Learning to procure and ship the materials. Apex Learning also reserves the right to provide alternate books, which include the required content, at the same prices.
- Prices include ground-shipping fees within the continental U.S. but not tax. There will be an additional shipping charge for delivery outside the continental U.S. or if expedited shipping is requested.
- There are no returns, credits or refunds for course materials.

2. Acquiring Course Materials

Users must source course materials on their own, e.g. required and optional books, where content is not provided in-product. Links to open source and public domain materials can be found within this document.

Acquiring Lab Materials

Apex Learning has partnered a third-party vendor to create custom laboratory kits that contain all the materials needed for select science courses. To view and purchase lab kits, visit vendor's website at <http://www.qualitysciencelabs.com/apex-learning-science-kits/>.

3. Questions?

For Apex Learning Virtual School students, contact ALVS Student Services by phone at 855- 550-2547 or by email at alvs.support@apexlearning.com.
